Ethics	This is about being open, transparent and honest in all dealings. It is about keeping promises that you make and about working within the policies, procedures and authorized delegations of Council.
Leading Teams	This is about how a manager leads a group of people so that they work well together as a team. This means holding regular meetings (that have set agendas and objectives) with his/her team so that information can be shared and so that the team is aware of decisions that may affect them. It involves sharing out the workload so that team members' skills are used appropriately and so that the work is evenly spread amongst team members. It involves making sure that the team has the necessary tools and resources in order to do their work. It involves motivating the team so that they are committed to achieving the goals of the department and ultimately the municipality.
